Daniel Ramsay

User Experience Designer

UX designer with a background in journalism and hospitality. Experienced in working with people both for the purpose of conducting journalistic interviews, as well as a front of house member of the service industry. This diverse vocational background also meant picking up a wide range of new skills quickly was imperative.

Projects

Pluto-Pay CareerFoundry

Melbourne – Australia

- Developed a workable prototype for a finance app as a project for CareerFoundry.
- Had to work from the ground up, learnt industry standard techniques for user centric UX design.
- Worked with the given design brief. Creating all the desired project deliverables, as well as meeting all the required project goals.

Experience

Team Leader Roll'd

2015–2022

Melbourne – Australia

- Responsible for running day to day operations of the kitchen. Ensuring the store ran efficiently whilst maintaining a level of quality.
- Learnt how to effectively delegate, as well as gaining improved time and resource management skills.

BOH Staff Sweet Green Cafe

2020–2021

Melbourne – Australia

- Worked in a fast paced environment as a member of the BOH team.
- Had to learn how to both how to listen and follow instructions carefully, as well as work autonomously.
- Increased proficiency at working in high stress, high pressure environments.
